

Dear FCC

I am respectfully asking that you DO NOT consider taking K-Love radio station off the air! THIS IS ONE MEDIA WORTH KEEPING! We need good wholesome programming with all the garbage that has been going on lately about the Janet Jackson (exposure) and the language (and fine) used by a Nascar driver. This station provides the best, cleanest music and comments anywhere! I have recently gone through a depression due to some difficult circumstances and I relied heavily on K-Love to support me! In these times of (demoralizing) media and TV, K-Love is one big bright spot! I know my community would suffer greatly if it were to go off the air. I want you to know that I am praying for K-Love, our country, and for you both professionally and personally.

May God Bless America!!!
